How to use the board

Children learn that money comes from effort when they can *see* the link between helping and earning. Your family decides the rules: this kit simply makes them visible.

1. **Choose jobs together** from the job cards. Pick jobs that suit your child's age.
2. **Decide which are "family jobs"** (everyone helps, no pay) and which are **"bonus jobs"** that earn coins. Many families keep everyday jobs like making the bed unpaid, and pay for extra help.
3. **Stick the weekly chart** on the fridge and tick each job when it's done.
4. **Hold a payday** once a week. Fill in a payday slip and record it on the earnings tracker.
5. Split earnings between the jars: SAVE, SPEND, SHARE and GROW.

Keep it fun and fair: jobs should be safe, short and right for your child's age. Praise effort, not perfection.

Duggu's favourite job is watering the plants.
