How to play shop

1. **Set up the shop:** stick up the shop sign, cut out the price tags and put them on toys, fruit or empty food boxes.
2. **Cut out the pretend money** and give each shopper a wallet (an envelope works).
3. **Take turns** being the shopkeeper and the customer. Shopkeepers wear the badge and write a receipt.
4. **Try the Budget Challenge cards** for older children: buy what's on the card without going over budget.

Chia loves being the shopkeeper.

What children learn: counting money, adding prices, working out change, comparing prices, and choosing within a budget. Talk about needs and wants as you play.

Prices are in coins, our pretend money, so the game works in any country.
