How the challenge works

Each day has one small, friendly mission that takes about 5 minutes. Missions mix saving, spending wisely, sharing and kindness. Most need no money at all.

1. Stick the mission pages and the coin tracker somewhere your child will see them.
2. Read the day's mission together. Help where needed.
3. When it's done, your child colours that day's coin on the tracker.
4. Missed a day? No problem. Just carry on. It's a challenge, not a test.
5. On Day 30, fill in the certificate together and celebrate!

Safety first: missions that involve shops, giving things away or helping at home should always be done with a grown-up.

Pretend or real coins: both work. The goal is the habit, not the amount.
