How to use this kit

This kit turns the "4 jars" idea from our book *Pip's 4 Jars* into something your child can see and touch. Every coin your child receives gets a job.

1. **Find 4 jars** (or boxes or envelopes) and stick on the jar labels.
2. **Fill in a membership card** together and read the Money Club Promise.
3. **Agree how coins come in:** pocket money, birthday money or small jobs from the Little Helper chart. Your family decides.
4. **Split each new coin** between the jars and write it on the Jar Tracker.
5. **Pick a saving goal** and colour a coin each time you save.
6. **Celebrate** with the Jar Keeper certificate when the goal is reached.

Pip the piggy-bank robot has 4 jar lights: green, blue, orange and purple.

A simple split to start: for every 10 coins, try 4 for SAVE, 3 for SPEND, 2 for SHARE and 1 for GROW. There is no "right" split. Choose what fits your family.

Talk about it: What are we saving for? What did we spend on this week? Who did our SHARE jar help? Short, happy chats work better than long lessons.
