HOW TO PLAY

FREE SAMPLE

Your monthly money date

Talking about money regularly can make it easier, and calmer, to plan together. These cards make that easy, and fun.

1. **Print and cut** the cards. Keep them in an envelope or a small box.
2. **Pick a date night** each month. Make it nice: tea, snacks, phones away. 30–45 minutes is plenty.
3. **Take turns** drawing a card and both answer it. Start with a **Fun** or **Dreams** card, then try **Habits** and **Decisions**.
4. **End with one small action** you'll both do this month, and write it in the Money Date Log.

💗 House rules

- No blame and no "you always". Talk about the future, not old mistakes.
- Listen to understand, not to win.
- Any card can be skipped. Come back to it next month.
- Celebrate every small win together.

These cards are for conversation and education. They don't give financial advice. For big decisions, consider speaking to a qualified professional.
